

From Turkey to the glories of Greece. After eating grape-leaves for lunch we strolled to the Acropolis. Plato the second, our tour leader, educated us, (a reincarnation of Plato addressing the village fools.) The crew then attended a cocktail party at the Hilton, sponsored by our passengers. a hilarious evening of Greek dancing and plate throwing ended our stay in Athens.

Cold weather in Madrid and London put a damper on our spirits, but we still continued to shop and tour. All were getting a little homesick or maybe it was the vino tinto?

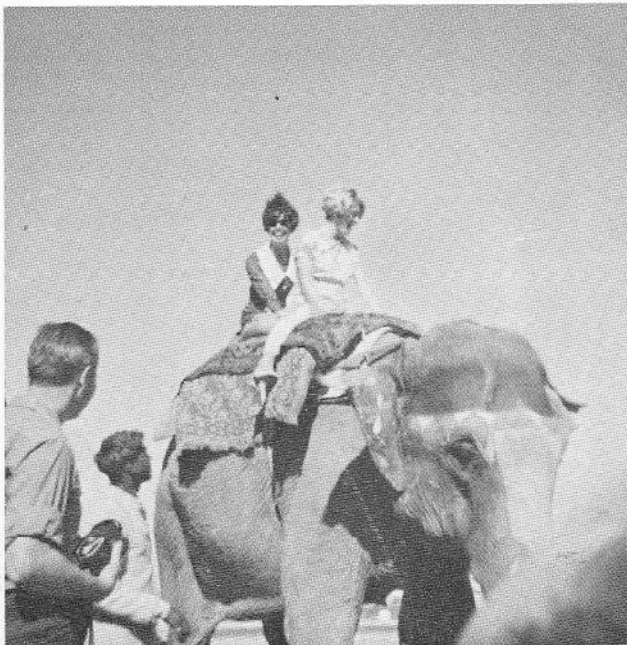

Even though we were happy to be back in Canada, everybody was a bit sad as passengers didn't seem like passengers, but close friends. All in all, we had a wonderful trip of a lifetime and would like to take the opportunity to thank all those behind the scenes for making this A.M.A. World Charter a great success.
